## News Release

### INTERNATIONAL WATER GUARD SIGNS WITH FACC FOR NEW WATER SYSTEM

October 30, 2012

**Burnaby, BC, Canada** – IWG Technologies Inc., through its subsidiary, International Water-Guard Industries Inc., is pleased to announce it has been selected by FACC AG of Austria to design, build and supply the water system for Bombardier's CL 300 redesign program. Deliveries are to commence in the spring of 2013 and run the life of the program.

"IWG is pleased to have been selected as a partner to FACC AG a world class aviation Company and looks forward to a long term relationship with them" says Bruce MacCoubrey IWG's President.

"This new and innovative compact water system" provides IWG the opportunity to expand its product line says Brian Ulrich V.P. Engineering and Business Development at IWG

IWG Technologies, Inc is the public holding company for International Water-Guard Industries Inc., a Canadian aerospace company providing innovative solutions and products to the aviation industry, more specifically, aircraft potable water treatment, water systems, heaters and components. These products are lightweight and compact and provide high quality temperature-controlled water for passengers, crew, and the aircraft operator.

On behalf of the Board of Directors  
IWG Technologies Inc.

"Bruce W. Gowan"  
Chair of the Board
