News Release

IWG ANNOUNCES RENEWAL OF WATER TREATMENT UNITS SUPPLY CONTRACT WITH GULFSTREAM

December 17, 2013

Burnaby, BC, Canada – International Water-Guard Industries Inc. (IWG) today announced it has renewed its agreement with Gulfstream to provide water treatment units for the G450 and G550 executive aircraft.

IWG has been supplying water treatment units to Gulfstream for installation on their executive aircraft for over 20 years and are standard on the G450, G550 & G650 aircraft.

“We are pleased that Gulfstream a world class aircraft manufacturer continues to show confidence in IWG and our products by renewing our contract”, says Bruce MacCoubrey President IWG.

IWG Technologies, Inc. is the public holding company for International Water-Guard Industries Inc., a Canadian aerospace company focused on aircraft potable water treatment, water systems, water heaters and components. IWG has expertise in all aspects of water treatment, has the products and know-how to provide high quality water for passengers and crew, and lightweight, space-saving solutions for the aircraft operator.

On behalf of the Board of Directors
IWG Technologies Inc.

“Bruce W. Gowan”
Chair of the Board

This news release contains certain forward-looking statements that reflect the current views and/ or expectations of IWG with respect to its performance, business and future events including statements with respect to completion of proposed or future transactions. Such statements are subject to a number of risks, uncertainties and assumptions, which may cause actual results to be materially different from those expressed or implied including the risk that required approvals will not be obtained and that suitable additional businesses may not be identified. IWG assumes no future obligation to update these forward looking statements except as required by applicable securities laws.
