## NETJETS EUROPE ORDERS IWG WATER TREATMENT UNITS FOR DASSAULT FALCON JET 7X FLEET

May 28, 2008

Burnaby, BC, Canada - International Water-Guard Industries Inc., is pleased to announce that NetJets Europe has specified IWG Water Treatment Units on its recent order of 24 Dassault Falcon Jet 7X aircraft. The equipment to be provided will be the latest IWG-A4 'intelligent' water treatment units.

"We are very pleased to see IWG specified by Europe's leading private jet company," said David Fox, IWG president and CEO. "We are also excited to see our equipment on a major 7X order. It demonstrates the level of importance NetJets Europe places on the quality of water for passengers and crew,"

IWG has a long term procurement contract in with Dassault Falcon and this order builds on the solid relationship between the two companies.

International Water-Guard is a Canadian aerospace company focusing on aircraft potable water treatment and full water system solutions. With expertise in all aspects of water treatment, IWG has the products and knowledge to provide high quality water for passengers and crew, as well as lightweight, space saving solutions for the aircraft operator.
