

Permission to Build Certificate:

This permission to build has been issued by Ops Squad in relation to the information submitted by or on behalf of the company named below and relates to the floor plan in place on the date of this approval. It is the exhibitors responsibility to ensure that the stand is built in accordance with the design submitted and that all construction is safe and abides with the rules and regulations shown in the exhibition manual and the venue technical regulations –

<https://www.aircraftinteriorexpo.com/content/dam/sitebuilder/rxuk/operations/show-documents/aix-2022/forms/HMC%20Technical%20Regulations.pdf.coredownload.444822290.pdf>

All permissions to build are subject to the rules and regulations of the event, the Organisers terms and conditions, venue and local authority requirements and relevant UK law in place at the time of the approval.

Every exhibitor, contractor, supplier, agent and sub-contractor has a duty under the relevant legislation to ensure that all personnel employed by you are aware that they have a responsibility, so far as is reasonably practicable, for the health, safety and welfare of all employees, and that any plant or systems of work which may be used are, so far as is reasonably practicable, safe and without risk to health.

Please review the exhibition timetable to ensure that your stand can be built and dismantled within the timings shown.

|------------------|--------------------------------------|
| Company Name: | International Water Guard Industries |
| Stand Number: | 6D131 |
| Contractor Name: | Blueprint Global |

IMPORTANT SAFETY INFORMATION:

All exhibitors, contractors and sub-contractors are expected to comply with the relevant Health & Safety legislation in place and in addition will comply with their own risk assessments, method statements and construction phase plans.

Exhibitors and/or their contractors and sub-contractors have confirmed by acceptance of this permission to build certificate that they understand and acknowledge the Health & Safety Policy and regulations of Aircraft Interiors 2022 as outlined in the Health & Safety section of the manual and the event site rules as published with this certificate.

RX UK have appointed an independent HSO to cover the build and breakdown of the exhibition and in all cases their judgment is final.

All exhibitors, contractors and sub-contractors must have their own, adequate insurance cover in place for the duration of their time onsite. It is an exhibitor's responsibility to ensure that their appointed contractors have suitable and sufficient cover in place.

Anyone not complying with the event site rules or considered to be acting dangerously will be removed from site immediately and may be denied permission to return.

Stand Construction Details:

| | |
|---------------------------------------|--|
| Height: | 4m |
| Dimensions: | 7m x 3m |
| Open Sides: | 2 |

| Signed off: | <i>22nd May 2022</i> |
| Comments: | <p><i>Please ensure you adhere to the build and breakdown times:</i></p> <p><i>Build dates:</i> <i>Friday 10th June 08:00 – 20:00</i> <i>Saturday 11th June 08:00 – 20:00</i> <i>Sunday 12th June 08:00 – 20:00</i> <i>Monday 13th June 08:00 – 20:00</i></p> <p><i>Breakdown dates:</i> <i>Thursday 16th June 18:30 – 22:00</i> <i>Friday 17th June 08:00 – 20:00</i> <i>Saturday 18th June 08:00 – 16:00</i></p> <p><i>This certificate is subject to onsite inspection and venue approval</i></p> |

Note: *Items are only included where applicable to give additional clarity to client*

Event Safety Rules:

Paperwork:

A suitable and sufficient risk assessment, method statement and construction phase plan must be in place prior to the commencement of work

Personal Protective Equipment:

You are required to wear the minimum PPE requirements – this includes a hi-visibility jacket and suitable protective footwear – safety shoes. Sandals, high heels and similar shoes are not acceptable.

Additional PPE may be required for the duties you are performing. This could include gloves, hard-hat, ear defenders, etc

Housekeeping:

You must keep a tidy site throughout and ensure all waste materials are removed at regular intervals.

All tools should have suitable guards, extraction and dust bags fitted.

You must secure any equipment left unattended to prevent unauthorised use.

Working at Height:

All work at height must be covered by your risk assessment for the stand. You will only be permitted to work using the correct equipment for the task you are performing – this means you must have safe means of access and suitable fall prevention equipment in place.

Noise:

Noise should be kept to the minimum levels possible and not disturb neighbouring stands. If necessary, ear defenders should be worn.

Control of Substances Harmful to Health:

All hazardous chemicals must be contained and stored safely. COSHH information must be included as part of your risk assessment.

Welfare Facilities:

Please familiarise yourself with the location of the first aid room, toilets, catering facilities and smoking areas. Also be aware of the opening and closing times of such areas.

Traffic:

All parties must comply with the instructions of the onsite traffic and security staff at all times.

Vehicles may only be moved in the halls with permission of the floor manager and **only when** escorted except for those operated by the official contractors.

Anyone using any type of vehicle in the hall must be trained, licenced and insured appropriately. Be aware of vehicles and plant operating in the halls at all times and take reasonable precautions.

Fire Hazards:

All equipment should have a dated Portable Appliance Testing Certificate and should be well maintained.

In the event of finding a fire follow the venue's emergency procedures – raise the alarm, leave the area and help those around you to leave the area, do not return until instructed to do so.

Incident & Near Miss Reporting:

You must inform the floor manager or Organisers office if an accident or incident occurs. All contractors are expected to carry their own first aid kits but First Aid is also available via the Organisers Office.
