

IWG TECHNOLOGIES

# News Release

## IWG TECHNOLOGIES INC. ANNOUNCES NEW WEBSITE.

July 6, 2011

**Burnaby, BC, Canada** – IWG Technologies, Inc has launched its new website today at [www.iwgtech.com](http://www.iwgtech.com).

“With our corporate restructuring and the creation of IWG Technologies as a new parent company for International Water-Guard Industries, we needed a new venue to tell the story of the parent”, said David Fox, IWG Technologies president & CEO. “It is the location where you will find news of our public market and business development activities. The International Water-Guard website, [www.water.aero](http://www.water.aero) will continue its focus on our aircraft water treatment, systems and components business, including the new IWG-ES water heater series being acquired from Keltech, Inc.”

A brief video presentation by Mr Fox may be found on both sites, and at <http://www.youtube.com/watch?v=s-guE5lwnyl>

IWG Technologies, Inc is the public holding company for International Water-Guard Industries Inc, a Canadian aerospace company focusing on aircraft potable water treatment, water systems and components. IWG has expertise in all aspects of water treatment, and has the products and know-how to provide high quality water for passengers and crew, and light weight, space saving solutions for the aircraft operator.

On behalf of the Board of Directors  
IWG Technologies, Inc.

“David C. Fox”  
President and CEO

*This news release contains certain forward looking statements that reflect the current views and/ or expectations of IWG with respect to its performance, business and future events including statements with respect to completion of proposed or future transactions. Such statements are subject to a number of risks, uncertainties and assumptions, which may cause actual results to be materially different from those expressed or implied including the risk that required approvals will not be obtained and that suitable additional businesses may not be identified.
